This is only a SAMPLE TABLE OF CONTENTS. You do not have to use the same genres that I have listed.

Remember to go to http://urbachc.org/urb_multigenre_rubrics.htm for a complete list of genres to choose from.

If you have small items such as a recipe card, CD cover, baseball card, etc., place it/them in the pocket(s) of your folder.

It is impossible for you to put very large items in the folder; therefore, I will have a designated area in the room for each class to place very large items.

*As I told you in class, **put your name on everything!** I will have hundreds of items to view; therefore, I do not have the time to try to figure out who created an item that has no name. **If an item has no name, you will not receive credit for it.***
